

La Vie on y est...

Appellation : Red Côtes-du-Rhône

Location : Vines located on Gramenon hillside and cultivated with biodynamic farming methods.

Vineyard : 60% Viognier and 40% Clairette 30 years old vines.

Yield : 40 hl/ha

Geology : Gramenon lies on sandstone and shell-sandy soils, making a relief on this landscape of sandy safre. This sandstone bank comes from a molasse layer left by a former maritime coastline under the influence of tidal streams circa 1.

Natural wine-making process :

Sorted manual picking.

Fermentation with natural yeasts in barrels.

Blocked malolactic fermentation depending on vintages.

Ageing : 6 months in barrels without racking.

Bottling : After Easter.

Short recommendation : Drink within two years.
