

TOUT EN BULLES

Appellation : Vin de France.

Location : On the 350 meters high Gramenon hillsides in Montbrison sur Lez.

Vineyard : A piece of land planted with 40 years old Clairette vines cultivated with biondynamic methods.

Yield : 20 hl/ha

Geology : Gramenon lies on sandstone and shell-sandy soils, making a relief on this landscape of sandy safre. This sandstone bank comes from a molasse layer left by a former maritime coastline under the influence of tidal streams circa 12 mill.

Natural wine-making process : Traditional and ancestral process.

Bottling : In November with sparkling wine-making method applied during 8 months.

Short recommendation : Drink cold, any time of the day.
