

L'Emouvante

Appellation : Red Côtes-du-Rhône.

Location : Up on the 350 meters high plateau of Gramenon in Montbrison sur Lez.

Vineyard : A piece of land planted with old Syrah vines cultivated with biodynamic farming methods.

Yield : 25 hl/ha

Geology : Gramenon lies on sandstone and shell-sandy soils, making a relief on this landscape of sandy safre. This sandstone bank comes from a molasse layer left by a former maritime coastline under the influence of tidal streams circa 12 million years ago.

Natural wine-making process :

Sorted manual picking.

Extended maceration.

Fermentation with natural yeasts.

Light addition of sulfite after malolactic fermentation depending on vintages.

Ageing : In barrels.

Bottling : In autumn.

Short recommendation : Drink in autumn following bottling.
